## Our community project

We've had several, including monetary prizes and certificates at the Okaloosa High School Science Fair, but they didn't quite fill the bill.

Now we're pointed toward more Linux and FOSS education, hence the draft presentation.

# Why Linux?

As a reminder of the target audience:

- [grand]parents of children interested in STEMM (PTA/PTO, other civic groups)
- children interested in STEMM
- Computer Tech 2021

# Computer Tech 2020?

Anyone want to ask a question or present anything?

## Next meeting
